"Thanks once again for your awesome presentation this morning. You did a great job of getting all your points across in such a limited time frame! **Talk about grace under pressure** – lovely job with some great take-aways. I know what I'll be thinking about changing for myself in the upcoming days and weeks."
~ Rachel MacDonald

"Thanks so much for sharing your e-report with us. It was great reinforcement of the information that you provided in your talk. Of course, as I told you, I took notes and have them hanging up right by my desk!"
~ Betty J. Andelman

"I wanted to drop you a line after the presentation that I thought you would appreciate. I've had some difficult personal challenges that I have been trying to deal with and that became my goal during the exercise we did last week. (I rated my potential success a 9). Because it brought my conviction to the forefront in my mind, I was more easily able to call upon it during an experience I had had this past weekend and my positive thoughts helped me turn it around. I believe very much in the concepts you discussed. I just wanted to share it with you as you were an integral part of that for me. Thanks again."
~ Donna M. Maier
